

Call For Patrons

The IEEE International Conference on Computational Intelligence and Virtual Environments for Measurement Systems and Applications (CIVEMSA 2018) is dedicated to all aspects of computational intelligence, virtual environments and human-computer interaction technologies for measurement systems and related applications.

CIVEMSA features two days for presentation of papers in technical sessions as well as invited lectures.

The CIVEMSA Symposium is held every year in a different region of the world and in 2018 it will take place in Ottawa, Ontario, Canada. We believe that this conference is strategic to promote your company.

Level	Fee	Benefits
